

MIRRORS

Elevate your style and expand your space with the transformative potential of mirrors

Mirrors

Mirrors are versatile design elements, enhancing a home's ambience by amplifying natural light, making rooms feel brighter and more spacious, while also creating the illusion of depth. Additionally, strategically placed mirrors can visually expand cramped or dark areas, whilst reflecting beautiful views or architectural features. Their stylish yet minimalistic presence adds sophistication to any room, whether used functionally or for aesthetic purposes, offering a transformative touch to home décor.

Images for illustration purposes only.

Thanks to their exceptional durability, our mirror glass can be custom-shaped, drilled, and polished to meet any specification, all while maintaining excellent light reflection properties.

Our range of glass for mirrors includes:

- **MIRALITE® PURE:** available in Clear, Grey and Bronze tint
- **MIRALITE® ANTIQUE:** available in Clear, Grey and Bronze tints
- **MIRALITE® VERSAILLES:** available in Clear tint
- **MIRALITE® EASYSAFE:** anti-shatter mirror
