

SGG COOL-LITE® XTREME 60/28 II

Description

SGG COOL-LITE XTREME 60/28 II is an extremely selective solar control coating for use in the commercial and high end building market. Due to the high performance of the coating, it is ideally suited to façade or overhead glazing in applications requiring annealed and toughened or heat treated glass.

SGG COOL-LITE XTREME 60/28 II is available from SGGUK in 6000mm x 3210mm and 2000mm x 3210mm dimensions in 6mm thickness, with 8mm and 10mm on request.
